

CUTTINGEDGE®

THE CUTTING EDGE DEALER RECYCLING PROGRAM

LET US SHOW YOU HOW OUR NEW DEALER RECYCLING PROGRAM CAN HELP YOU DRAMATICALLY INCREASE YOUR PROFITABILITY ON BULK PRODUCTS LIKE MULCH, LOAM, COMPOST AND DECORATIVE STONE.

If you the distributor allow your customers to dump recyclable debris like brush, trees, stumps, wood chips, grass clippings and leaves for a nominal fee of \$7.00 - \$15.00 per yard, you could then bring that debris to **Blank Industries Recycle Yard** in Hudson MA and, as long as you are an existing dealer in good standings, we would accept those recyclable items at **NO CHARGE** to you. *(Non-dealers pay a fee).*

You then utilize the fees you charged for dumping to purchase bulk materials from Blank Industries, like mulch, compost, loam or decorative stone. Thus, dramatically decreasing your actual cost on these items while increasing your profitability.

SIMPLY BRING US YOUR RECYCLABLES AND PICK UP BULK MATERIALS WHILE YOU ARE HERE.

Program notes:

The only items that can be combined are grass clippings and leaves; all other items (ie. Clean brush, stumps, clean wood chips & clean loamy fill) will only be received on an individual basis.

We do not accept any other items for recycling.

All loads will be inspect prior to acceptance. We reserve the right to refuse any loads that do not meet the above requirements.

Program is subject to change without notice and at Blank Industries discretion.

Please call in advance to schedule ALL recyclable drop-offs to our yard.

17 Brent Drive, Hudson, MA 01749
